- 514 Seven Hornby O Gauge 0-4-0 Tank Locomotives and one mechanism (8), Clockwork and 3 Rail Electric, mechanisms work at time of cataloguing, F-G, the LMS 3 rail Tank Locomotive has been professionally repainted, the other LMS electric example is missing the near side coupling rods and smokebox bulb and has minor paint loose / scuffs to the paint, the nut and bolt LMS black lined example has paint loose and is missing both the offside rear wheels and coupling rod, the GWR body has areas of repaint, the mechanism appears to work at time of cataloguing, the boxes show some signs of wear with minor staining (8)
£40-60
- 515 Two Hornby O Gauge Tank Locomotives 4-4-2 (2) Clockwork and 3 Rail Electric, overall G-VG, the clockwork example works at time of cataloguing, both have been repainted, the smoke box the LNER example is off centre when viewed from the front, visible scratches and scuffs to the paint, the cab roof id loose, visible staining / marks to the mechanism, the LMS E220 example has been professionally repainted and lined out in later reproduction box (2)
£50-80
- 516 8 boxed Hornby O Gauge boxed buildings and accessories with 1930 Price list (2 Boxes), Overall VG-E, consisting of 2 x No 42341 Island Platform, No 1 Goods Platform, No 42330 Platform Crane, No 3 Station, A252 No 1 Foot Bridge, No 2 Signal Cabin and No 2 Junction Signal, the boxes are F-G and show signs of use and age with visible torn corners and staining, the No 3 station box has one torn off end to the lid, the price list has a minor visible scratch down the centre and very minor damage to the lower edge, minor stain to the back (2 Boxes)
£50-70
- 517 A qty of Hornby O Gauge buildings and accessories (2 Boxes), overall F-G, consisting of a Hornby 2 Rail Engine Shed with visible rust to the roof and base, minor dent to the roof ventilators, would benefit from a clean, a boxed platform with fencing with visible paper marks from previous posters, 2 x boxed No 2 Junction Signal, 2 x Platform ends for Bristol with visible rusting to the fencing and scratch / marks to the platform, 3 rail Electrical Viaduct, 24 x platform fencing, and two further station buildings with visible rust and fading, the box for the Viaduct has old tape repairs and torn edges P-F (2 boxes)
£50-70
- 518 A qty of Hornby O gauge rolling stock and accessories (2 Boxes), overall F-G, consisting of Goods Shed with visible scratch marks with paint loose / rust to the base, minor dent to one corner, 1 x Signal Box, 1 x platform for Wembley with some paint loose / rusting to the platform, 1 x footbridge missing one set of steps with base and corner section broken and steps twisted, a partially dismantled No 2 Double arm signal, repainted Pratts Tanker missing wheels, repainted Cattle van with no wheels, repainted LMS Gunpowder Van with no wheels, 3 x buffer stops, 1 x Resistance controller with visible rusting, 1 x Cement Van with some paint loose and no wheels, 1 x repainted LMS Brake Van, 1 x NE Fish Van with some rust / scratches to the roof and sides, two sets of steps and base for a signal with some retouching / scratch marks, 1 x platform end with minor marks and rusting to the underside, 10 reproduction boxes with Hornby sticky labels and another boxed No 2 Signal with instructions to convert to a Lamp Standard (2 boxes)
£40-60

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 519 Two boxes consisting of a large qty of empty Hornby O Gauge boxes (2 boxes), overall F-G, for spares consisting of a large qty of empty boxes for buildings, rolling stock and other accessories, shows signs of use and age with staining, worn and torn edges and some water damage (2 boxes),
£30-40
- 520 A qty of Hornby O Gauge Tenders with boxes, overall F-G, the GWR Tender is missing its wheels with very minor paint chips most noticeable to the tender couplings, two of the BR black Tenders and one BR green tender appear to have been professionally repainted, very minor rust to the edges of the green No 3435 tender, one of the BR green tenders has surface rust to the outside frames and body, plus the inside, the LNER example has tiny paint chips and an old paper sticker to the underside, rust and paint chips visible to the Southern tender with rust also on the wheels, the others show signs of use with minor scratches, nine original boxes and one modern box, general wear to the box flaps and some pen/pencil hand written prices,
£30-40
- 521 A qty of Hornby and Meccano Parts, overall F-G, consisting of Clockwork motors, three work at time of cataloguing, the other two have issues with the winding mechanism with rust visible to the outer motor plates, a boxed Meccano Chopper Construction Set, appears unopened with minor wear to the box, repainted 3 rail electric Hornby O gauge 0-4-0 LMS Tank Locomotive No 2115, five Hornby buffer stops with some paint loose and surface rust, one has a loose buffer, 4 x Hornby O Gauge Platform ends, a qty of metal roofs for vans and coaches with some scratches and paint loose and some unused Horton Series and similar van bodies
£30-40
- 522 A qty of Hornby and similar O Gauge track and rolling stock with metal mine shaft head(2 boxes) overall P-F, track very rusty, consisting of Hornby straight rail x approx. 22, 12 x small curves, 36 x curves, five right hand points, 4 x left hand points, 2 x Y points, 3 x crossovers, a bag of track connectors, 4 x Hornby rolling stock with rust visible to the body and wheels, 5 x plastic O Gauge tipping wagons, Copper craft wagon and part of a motorised O gauge locomotive missing the battery and cab roof, very minor paint chips to the mine head, (2 boxes)
£30-40
- 523 A Hornby O Gauge 4-4-2 Tank Locomotive LNER lined green No 1784 together with Hornby and Bing rolling stock, overall F-G, Clockwork, the mechanism does wind and work but will require attention, solder visible to the rear of the bunker and front offside, , rust visible to both couplings, looks to have been repainted with other paint visible on the front coupling and cab roof, paint loose to the Steam dome and rear buffer, paint loose to the Jacob & Co Van with some surface rust, one buffer is loose and one door handle missing, paint loose to the FYFFES Banana Van with some rust to the couplings and wheels, paint loose to the National Benzol Tank plus rust to the wheels, the Bing Shell Tank has minor paint loose and a scratch through the decal to one side, some varnish discolouration to the Cadbury's Van and very minor paint loose to the van corners, with minor staining to the roof, the Esso Tank has rust to the body plus paint loose with rust to the wheels and axles, and the flat wagon again has rust visible to the main body and wheels and would benefit from a clean, wear visible to the decal, the locomotive in a hand made box with key, P,
£50-80
- 524 Four Hornby O Gauge Coaches and one box, in playworn condition P-F, the Hornby Pullman coach 'IOLANTHE' has had a wooden interior fitted together with figures, both corridor connectors missing, varnish shrinkage visible to the coach sides with some wear to the lining, very minor paint loose to the coach ends, one bogie is damaged at the frame, the other Pullman coach has shrinkage to the windows with wooden pegs to the interior holding the windows in place, a bulb holder has been soldered inside the coach, some rust visible to the bogies and missing the corridor connectors, the LNER 1st Class coach has minor rust to the roof and minor paint loose, very minor scratches to the coach sides and minor rust to the bogies, the all third Brake coach has visible scratches / paint loose to both sides and the roof with traces of an old label, rust to the bogies and wheels with traces of green paint to one bogie, two buffers missing and the end of the coach is loose at the roof, rust to both couplings, the No 2 Pullman Coach box has water damage to the lid with one torn corner, the bottom of the box has one small hole to the end and a torn corner,
£40-50

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 525 Hornby O Gauge Southern Railway corridor passenger coach all 3rd. No 1311, in original No 2 box C574 The roof has been professionally repainted, sides are VG-E, In original No 2 Corridor coach box, some marks to the lid, one coupling is loose in the box, otherwise VG,
£60-80
- 526 An Exley K5 LMS Kitchen Car No 30072 and K6 Side Corridor All Third Brake No 6044, the Kitchen Car has been retouched to the sides, F-G, with visible retouching, 'Kitchen Car' has been repainted, visible alteration to both sides with scratched out paint, the roof looks to have been repainted with staining visible, Exley K5 label to the underside of the coach, the All Third Brake has some minor paint chips to the sides and roof, one set of axles has glue repairs to the inside wheel rims, Exley label to the underside,
£80-100
- 527 Two Exley K5 O Gauge Southern Coaches All First Brake and side corridor 1st/3rd for repair (2) the glass windows have come away from the coach side on the 1st/3rd side Corridor coach, minor marks to the sides and roof, minor rust to the underside axles, the Brake coach has two loose windows on both sides of the coach and one end has come away from the body, very minor marks to the offside body , both have labels for Exley K5 to the underframes
£80-100
- 528 Bassett Lowke LMS lined black Class 2P 4-4-0 No 601, Clockwork, although the mechanism works the spring appears very tight and will require attention, very dusty and would benefit from a clean, paint chips to the nearside of the cab, also to the firebox and boiler, rust visible under the footplate and coupling hook, tarnishing / wear to the coupling rods, the tender has a large area of paint loose / scratch to the nearside and some damage to the offside, paint loose to the Tender buffer, the Bassett Lowke decal is very worn to the rear, also minor paint chips to the tender top
£80-100
- 529 Gorgi / Bassett Lowke O Gauge Rolling Stock (4 boxes), G-VG, consisting of BL99033 Set of three Plank Coal Wagons, BL99034 Set of three Plank Freight Wagons, Esso Tanker with damage to one end (broken piece in bag) with four additional wheel sets and Shell Motor Spirit tanker with very tiny paint chips to both ends, the two original boxes are VG-E with minor staining to the Coal Wagon Box (4 Boxes)
£50-80
- 530 For restoration and repair a qty of Bassett Lowke and similar O Gauge clockwork motors and locomotive bodies with a 4-4-0 Locomotive Princess Elizabeth, overall P-F, the 4-4-0 locomotive works at time of cataloguing, some minor paint chips to the boiler top and offside, damage to the nearside corner of the cab, front buffer bent one 0-6-0 clockwork motor has no main spring but turns over freely by hand, minor rust and paint loose to the other motors, one motor is very rusty to the body and mechanism but does work at time of cataloguing, the locomotive bodies and missing parts with paint loose and rusting
£40-60
- 531 A qty of Bassett Lowke or similar O Gauge 2 rail track and one piece of Gauge One 3 rail track with a small bag of fishplates and one buffer stop, overall F-G, with brass rails, minor surface rust, the wood sleepers and base have age related wear with splits in the wood visible, two sets of rails appear to have been remounted, together with two twin rail sections with crossover, the point mechanisms require attention, the rails measuring approx. 9 x 90cm length, 1 x 54cm length, 1 x 33cm length, 1 x 30cm length, 1 x set of right hand points at 40cm length 1 x curve at 34cm length, the 3 rail Gauge One at 61cm length, 1 x twin rail crossover at 61 cm length and the other example at 78cm length, together with a small bag of brass fishplates, the buffer stop has some rust visible and loose from the wooden sleepers,
£50-80
- 532 Exley K5 O Gauge GWR all 1st corridor coach, No 8040, Fitted with Bassett Lowke bogies, some wear to the painted window frames, very minor marks to the roof, otherwise G-VG,
£50-80
- 533 Exley K5 O Gauge, GWR All 3rd Brake, together with an Exley K5 All 1st Brake, (2) Both have been repainted and restored with hand written note to underside 'General overhaul Salisbury works Sept 1976, the all 3rd has no bogies, also visible scratch mark to one side and lose interior, all 1st has lose windows to one side and some minor paint lose, F-G
£40-60

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 534 Exley O Gauge K5 All 1st Corridor coach, No 9228, together with another Exley K6 All 3rd Brake No 2853, Lose interior to the All 1st corridor plus marks to the roof, sides are G, Brake coach is missing one corridor end and one rear buffer missing, sides are G-VG,
£50-80
- 535 Exley O Gauge K6 LMS Restaurant Car 1st Class, No 41, Marks / stains to roof, some staining to the windows, glue repair to both corridor ends, sides G-VG,
£50-80
- 536 Bassett Lowke O gauge 1931 series LMS All 1st corridor coach, No 3490, Minor marks to the roof, no corridor connections, sides are VG-E,
£40-60
- 537 Bassett Lowke O gauge rolling stock to include 2 x N.E Brake Vans, 3 x Brake Vans, 3 x 20T Brake Vans and 2 x LMS 4 plank wagons (10), 2 x NE Brake Vans have repainted roofs, replacement Finescale couplings to the 4 plank wagons, minor dent to the end of the brown LMS Brake, the others have marked roofs, otherwise G- VG (10)
£50-80
- 538 Bing George the Fifth No 2663 locomotive 0-4-0 together with Bing rolling stock (19), Clockwork, mechanism works at time of cataloguing, F-G, cab roof loose, no tender, visible rust to the roofs of the coaches and rolling stock, the GN plank wagon is very worn to one side, one frame without wheels or body, tanker has no underframe, overall F-G (19)
£40-80
- 539 Bing, Hornby, Karl Bub and other O gauge and gauge 1 rolling stock and station building, (14) visible retouching to the roofs, NE Brake van is very rusty with a loose roof, PAYA plane and flat wagon is overall dusty F-G (14)
£40-80
- 540 Marklin 3 rail gauge 1 track (22 x 3 foot curves, 49 x approx. 6 foot curves and 4 straights, one with power take off, 75 total), overall surface dirt with some rust, some connections missing, F-G with Marklin logo to each track section (22 x 3 foot curves, 49 x approx. 6 foot curves and 4 straights, one with power take off, 75 total)
£80-100
- 541 A O Gauge Karl Bub Goods Depot together with other German made accessories, overall F-G, the roof of the Karl Bub station building has detached from the main building, the tabs are either broken or bent over, some areas of paint loose and scratches to the roof, minor scratches to the building sides and two small areas of white paint, three visible holes to the front of the building and one to the edge of the base, Marklin Buffer stop missing both the spring buffers with some visible paint loose, a similar buffer with rust to the buffer springs and something loose inside the body, the hinged footbridge has some staining plus surface dirt and would benefit from a clean, the crossing has one bent arm and minor surface rust, the small house is missing the base with minor stains / marks to the roof and sides, the girder bridge is missing one corner and slightly twisted to both ends with surface dirt and scratches, the Bing buffer stop has overall paint loose and missing both spring buffers, the Marklin Bolster wagons have surface rust, one is missing both sets of wheels and has been repainted, the Bing house with bell is missing the mechanism under the track, the mechanism appears to work at time of cataloguing, with another crossing gate missing both arms and one support
£50-80
- 542 A Bing mechanical station train dispatch board, rust to the top left corner which has damaged the lithography finish, hole drilled to rear door panel, the destination roll has been repaired with modern tape and no longer fits the spools firmly, some fading to the front, minor damage to the wooden handle, with Bing trademark to the rear
£30-40
- 543 Stronlite O Gauge LNER No 407 Tank Locomotive 4-4-2, with plinth (2) 3 Rail Electric, front loco bogie is loose from the frame with traces of an old glue repair, some retouching visible, also some minor paint chips, generally dusty and would benefit from a clean, G-VG (2)
£100-120

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 544 Lionel Standard overhead electric style Locomotive No 8, Box Van and track, (3) 3 rail electric running on standard gauge 2 1/8 inch track, over painted and missing details to the frame and body, wheels are loose on the axles which appear to have been replaced with wooden axles, P-F, D&RGW box car has a chip to the roof, visible rusting to the axles and overall dusty, F-G, Peco box contains 3 lengths of track only and some drawn rail F-G, (3)
£50-80
- 545 Exley K5 LMS coach together with a Milbro or similar LMS coach (2), the Exley coach has been repainted with one worn corridor connector and some paint loose to the underside, the Milbro or similar LMS coach has paint loose to the roof, missing buffers and missing original couplings plus a missing buffer beam end (2)
£50-80
- 546 Leeds Model Company or similar LMS body with Hornby Tender and Van (3) the LMC body has a loose soldered joint on the coal bunker, missing one buffer with the other three damaged, some paint loose, chimney is loose, the Hornby tender and van have visible rust and paint loose, the tender is missing a set of centre wheels, visible rust to the wheels and axles on both examples (3)
£30-40
- 547 Four Leeds Model Company locomotive bodies and 4 bags of parts (9), for restoration or repair, F-G, three are missing the Steam dome and safety valves, generally very dusty, cabs have pipes for possible smoke generator to the smoke boxes, three have the LMC label to the underside, the bags containing parts for three 0-6-0 bodies, one 4-4-0 body and one bag contains parts for a Leeds Tender, all appear unpainted, overall very dusty, very minor surface rust (9)
£30-40
- 548 A Exley K5 O Gauge GWR 1st/3rd corridor coach No 5518, The glass window on one side has come away from the frame, also visible broken glass inside on of the compartments, very minor scratch to one of the third class doors, otherwise sides are VG-E, very minor rusting to the wheels.
£50-80
- 549 Chad Valley and similar O Gauge rolling stock (15), Overall F-G, GWR tender has rust to all sides, the cream and blue van has a damaged end and no roof, the flat log wagon is missing one metal securing piece, the BR black tender is missing both wheel sets, the green BR missing one set of wheels, old price labels have been attached to some of the rolling stock (15)
£30-40
- 550 Three Marx and Co O Gauge Commodore Vanderbilt 0-4-0 Locomotives and tenders (3 locos and 3 tenders), Clockwork, the mechanisms on two work at the time of cataloguing, the third without body does not work G-VG, example with made up box has original winding key and rear coupling in box, second example has surface rust to the body and wheels, the spare body is missing the chimney and top fittings, the Union Pacific and NY tenders are complete but have visible rust to the sides and wheels, the other Union Pacific tender is missing its top and has some visible rust (3 locos and 3 tenders)
£50-80
- 551 Leeds Model Company LMS coaches and Milbro or similar coach (3) consisting of LMS 1st/3rd coach No 3395, all 3rd Brake No 15478 and Milbro or similar LMS coach, F-G, 1st/3rd LMC is missing all four buffers and fitted with replacement couplings, minor tear to one side of the coach, all 3rd brake has one missing buffer and some fading to the sides, Milbro coach or similar has no bogies, some rusting to the roof, sides are F, (3)
£40-60
- 552 A Leeds Model company loco body, Bonds motor or similar and gauge 1 rolling stock, in used condition, overall F-G, Bonds motor has some visible rust to the wheels, the other motor has some surface rust and paint loose to the frames, LMC loco body has some paint loose, cab roof is missing, has pipe to the cab for the smoke generator, lever frame has surface rust, gauge 1 LMC or similar GWR wagon has damage to all sides and is missing one coupling, the van has no roof and missing one buffer beam
£50-80
- 553 A Mettoy O Gauge 0-4-0 Locomotive and tender with goods wagons and Hornby Track, Clockwork, the mechanism works at time of cataloguing, VG-E, minor mark to the nearside of the tender, one GWR van has a missing roof, minor rust to the track consisting of 4 curves and a straight,
£30-40

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 554 An approx. Gauge one commercially made Metropolitan coach, constructed from wood and metal, overall F-G, one bogie set is loose from the body. The bogies are fixed and not designed to swivel, paint loose to the sides, plus staining to the windows, minor marks to the roof,
£50-80
- 555 16 Mettoy O Gauge locomotive and rolling stock (16), Clockwork, mechanism work on all at time of cataloguing except on the LNER locomotive with has a broken main spring, overall F-G, the two No 490 Tenders have rust to the bodies and wheels, the BR tender has a broken tab on the nearside, one Pullman coach has missing wheels and roof, dent visible to the end of one of the Thanet Belle Pullman coaches, some rust to the wheels on the other coaches (16)
£40-60
- 556 Three partly repainted O Gauge Marescot Coaches (3), professionally repainted and lined marescot coaches, F-G, all three are missing their roofs, one coach has not yet been lined out around the windows, one of the passenger cars has some minor dents to one side
£40-60
- 557 Three Marescot O Gauge coaches (3) overall sides are G-VG, the Third Class coach has been retouched to the sides and frames, also the roof has been repainted, the second Class coach has missing windows to the end of the coach and varnish shrinkage, the Baggage Car has retouching to the roof and minor paint chips with varnish shrinkage, couplings on all three look replaced (3)
£40-60
- 558 24 Brittoy O Gauge Locomotives and Rolling Stock (24), clockwork, the mechanism of the Britannia works at time of cataloguing but the 0-4-0 tank locomotive does not work, overall G-VG, the roof of the BR Brake Van is missing, one of the first class passenger coaches is missing its rear coupling, some surface rust to the wheels, the BP tanker has some minor paint loose, (24)
£40-50
- 559 Nine Brittoy O Gauge Locomotives, rolling stock and accessories (9) Clockwork, the mechanism on the 0-4-0 LNWR Tank Locomotive works at time of cataloguing but will require attention, the loco is missing its coupling rods, the safety valve and chimney is loose on the boiler and missing the front coupling, the LMS Tank Locomotive is missing its motor and rear of the cab with solder repair to the underside, minor surface rust to the cream Rail crane, the signal box has a chipped roof to the corner, very minor marks to both tunnels (9)
£30-40
- 560 A Bing repainted and converted Live Steam to 3 rail electric Locomotive and Tender 4-4-0, LNER No 1902, repainted and converted live Steam Bing to 3 rail electric power retaining the original fixed cylinders, paint loose to the cab roof and Steam dome, large section of paint loose to the nearside of the Tender and buffer with visible crazing
£50-80
- 561 Two O Gauge Locomotives with one cast iron floor train two tenders Hugar Goods building and one other (7) overall P-F, GNR 0-4-0 cast iron locomotive has a clockwork motor that works at time of cataloguing but is loose from the loco body with rust to the mechanism, both rear wheels loose on the axle, the Bassett Lowke LMS Tender has visible paint chips to all sides and missing the centre wheels, also some surface rust, the other tender is missing the nearside steps, the battery 2-2-2 locomotive has a loose centre wheel axle and removable coal load to access the battery, most of the coal has broken away, paint loose to the footplate, the HUGAR Goods Office has minor marks to the roof and minor damage to the paper Goods Office sign, the tinsplate building has a working bell mechanism at time of cataloguing with minor fading to the tinsplate, (7)
£30-40

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 562 A Danish Pioner Expressen O Gauge Train Set Pris Kr 60, 2 Rail Electric, overall in F-G condition, the original wheels on the locomotive and rolling stock appear to have been replaced with turned brass wheels, minor rust to the inside of the cab, cab roof and underside of the frame, the tender offside and back have broken away from the body with rust to the underside and couplings, the ambulance coach has been repainted with paint loose to the roof and one end, together with rust to the frame and couplings, the four wheel passenger coach has rust to the roof and frames with minor scratch to one end, the other wooden bodied coach does not appear to be original to the set, the roof is loose and has some scratches, plus a chip to the top, some marks to the sides and minor paint loose / rust to the frames, the track has rust mostly to the sleepers with tarnishing to the rails, in original box P-F with age related torn edges to the box and lid with some water damage and pencil name for John Taylor to the lid
£50-80
- 563 A Bing O Gauge Tank 4-4-2 Locomotive in lined marsh umber Livery for the LBSCR No 11, clockwork, the mechanism works at time of cataloguing, paint loose to the keyhole, cab roof and nearside under the smokebox, minor scratches to the nearside coal bunker, retouching visible to the front and back buffers, paint loose to the offside running plate and corner of the coal bunker , white marks visible under the smoke box and on the wheels
£80-100
- 564 Lionel O Gauge overhead Electric locomotive together with seven coaches and one further locomotive, 3 Rail Electric, F-G, the locomotive body is loose from the frame, general scratches and paint loose through use / age, some visible rust to the motor and wheel rims, one coupling missing, replacement bulb, the other locomotive is missing the motor and wheels, some rust visible to the frames and couplings, the coaches are overall F-G, Two of the coaches have loose roofs with rust to the inside of the bodies and rust / paint loose to the sides, the other coaches also have paint loose to the sides, plus some doors have been pushed inwards by mishandling / age, one of the observation cars has traces on a label to the underside and a Pullman car has heavy staining/wear to the label, together with a ETS Tram missing the roof section and wheels, the underframe and motor are loose, P-F,
£50-80
- 565 Four O Gauge kit built GWR 4 wheel coaches, comprising two All third Brake coaches Nos 947 and 946, one All first No 59 and All third No 935, overall P-F, all four have been overpainted with age related fading, 947 has paint loose to the roof and minor damage to the sides, one set of wheels is set slightly low and does not turn freely with some surface rust to the wheels, the other brake coach 946 has minor detail missing to one side and marks / paint loose to the roof, the wheels have some surface rust, the first class coach 59 has paint chips to the roof together with marks to both sides, section of the running board is broken and piece missing to the roof and rust to the wheels, the all third coach has minor paint loose to the roof and visible rust the wheels, all four have sprung buffers
£40-50
- 566 Mettoy O Gauge boxed 5364/2 clockwork Passenger Train Set, comprising black plastic 0-4-0 'Mercury' Locomotive and plastic 4-wheel Tender with three tin plate red and cream Pullman Coaches and oval of tinplate track, in original iconic box with lid featuring Lord Nelson Class Pullman Train and EMU's leaving Waterloo Station, VG-E, tested well in forward motion only, box F-G, wear to lid edges and all lid corners either loose or repaired
£40-60
- 567 PAYA O Gauge 'Santa Fe' No 1101 2-6-2 Locomotive and Tender in original box, 3 rail electric, G-VG, overall very dusty and would benefit from a clean, casting and front light missing on smokebox with later fitting attached, one Steam line loose on offside of the boiler, nearside cab steps loose front nearside buffer missing, in original box F-G
£80-100
- 568 PAYA O Gauge Wagons-Lit 2nd class Pullman Break Down Crane (2), Pullman 3 rail electric, surface rust to the roof, minor scratches to the sides, one bogie is damaged F-G in original box F-G, Break Down Crane is overall dusty, F-G in original box, F-G
£40-50

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 569 ETS O Gauge rolling stock in boxes (6), overall very dusty and would benefit from a clean, minor rust to some axles, G-VG in original boxes G-VG, consisting of three axle tank car, British Petroleum Shell, Beer Car, British Petroleum and plank wagon.
£40-80
- 570 ETS O Gauge Steam locomotive 'Julie' No 12 0-4-0 in original box, 3 rail electric, appears little used, G-VG overall dusty and would benefit from a clean, in original box, F-G
£100-150
- 571 Lionel O Gauge BR Western Region coaches and similar rolling stock (10), coaches are 3 rail electric, appear little used, G-VG, with Lionel Caboose wagon 6017 and bogie wagon F-G, Hogwarts express tender missing wheels and body loose from frame, P-F, together with a covered van with damaged brake lever, P-F and Flat wagon with load, F-G (10)
£50-80
- 572 Lionel O Gauge rolling stock together with track cleaning car and No 50 Gang car (11) One of the flat wagons has a detached bogie, 2 log unloading cars have missing side rails, Track cleaning car and Gang car are 3 rail electric and show signs of use, overall F-G, with loose log loads
£50-80
- 573 Playmobile 4000 train set with box with LGB track and controller (9), Comprising No 99501 0-4-0 locomotive and two coaches F-G, the locomotive has one broken handrail and discoloration to the plastic through use, some discolouration to the roofs of the coaches, overall very dusty and would benefit from a clean, the box has faded sides and torn corners, F-G, some rusting visible to the track pieces F-G, boxes F-G
£50-70
- 574 Playmobile railway rolling stock (5), comprising no 4105 Pipe Rail Car, No 4112 Freight Wagon Double Dipper, No 4113 Container Car, No 4107 Shell Tanker and Brake van, G-VG, some discolouration to the plastic through age and use, all would benefit from a clean, the boxes show signs of age with torn corners and fading, P-F,
£80-100
- 575 O Gauge Class kit built or similar class 37 Diesel No D6863 British Railways, 2 rail electric, F-G, both buffer beams have detached from the body, very minor staining to the roof,
£80-100
- 576 Commercial 0 gauge EDM Electro-Motive SD60 EMD1 Diesel, 2 rail electric, F-G, front bogie has one loose set of wheels with visible repair to the underside, discolouration to the plastic, front offside step is broken, clear window missing to the offside of the cab
£80-100
- 577 Fred Newman or similar O Gauge LNER Articulated coaches (2), well detailed and built all 3rd coaches, G-VG, missing the central bogie and pivot, some staining to the roofs, visible marks to the wheel rims, a couple of windows are missing from the frames.
£40-50
- 578 A pair kit /scratch built O Gauge GWR Collett 10 compartment Coaches (2) both requiring a clean and repair, F-G, some damage to the underside of both, one coach is missing the corridor connection, some discolouration to the sides,
£40-50
- 579 A kit / scratch built O Gauge 1st class MK1 Restaurant Car & Kitchen, generally complete with 6 wheel bogies, F-G, some visible paint loose to the roof, looks to have been weathered, one end buffer beam is detached from the frame, sides are G
£40-50
- 580 Two Tenmille Product kits 32mm & 45mm (2), consisting of G012 Talyllyn all third coach for 32mm & 45mm and F-G106 LBSC 1ST/2ND Stroudly four wheel coach, F-G, both appear unbuilt, Stroudley Coach comes with 45mm wheel sets and instructions, some rusting to the wheels, no instructions for the other kit, have not been checked to see if complete (2)
£40-50

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 581 Three kit / scratch built O Gauge LMS & BR coaches (3), consisting of No 3945 1st/3rd corridor coach, No 5051 all 1st Corridor and BR M1905 corridor, overall G-VG, all would benefit from a clean, No 3945 is missing both couplings,
£50-80
- 582 Four BR O Gauge Kit / Scratch built coaches (4), consisting of E647E Restaurant Car, E3869, E87309E Brake and E20748M Brake, F-G, overall very dusty, sides are F-G, bogies require attention of E 20748M, all so two wires to the underside possibly for lighting, Guard coach E87309E has a missing running board to the nearside, also replacement rear coupling (4)
£50-80
- 583 Four Kit/commercial/ scratch built O gauge coaches (4), consisting of Exley K6 LNER, BR southern region coach, Blood and custard S80009 Kitchen Car and BR Blood & Custard E78901E Brake coach, F-G, Exley coach is missing both bogies and internal windows, Brake coach is missing one bogie and underframe is loose from the body (4)
£50-80
- 584 Three for repair Kit / scratch built O Gauge LNER Teak coaches (3), Consisting of two full brakes and one centre corridor coach No 13609, F-G, one brake is missing both bogies, the other is missing one bogie and damage to both sides with a missing section, the coach has a loose roof and one detached table, also damage to the underframe (3)
£30-40
- 585 A qty of kit / scratch built O Gauge rolling stock (10) consisting of Full Brakes, UTC Horsebox, Utility vans, CCT van and flat wagons, for repair / parts F-G, the utility van has a loose roof, all show signs of use with visible dust, some surface dust to the wheels (10)
£50-80
- 586 A kit / scratch built LMS/BR O Gauge Royal Mail Coach E30225, Very minor paint loose and staining to the roof, G-VG
£40-50
- 587 four kit / Scratch built MK1 coaches and rolling stock (4) Consisting of all 1st MK1 corridor coach E11025E, Full Brake E70193E, Bogie Van and Suburban Brake coach E 86092E, F-G, Mk 1 coach has one missing battery box and popped out windows, the suburban coach is missing part of the bogie, overall all are very dusty (4)
£40-50
- 588 A qty of O Gauge rolling stock to include Kit and commercially built (18), Overall G-VG, a few examples have missing buffers, one of the Leeds Model Company wagons has replacement plastic wheels, the Manchester Collieries has a fixed coal load, fixed load in the Iron Ore Tippler, LMS 5 plank wagon has a fixed tube load
£50-80
- 589 Five kit built O gauge coaches (50 for repair / spares F-G, consisting of LNER, LMS and MK1 coaches, the LNER coach is missing both bogies and one window, the MK1 coach has missing wheels and damage to the bogies, the roof is coming away on the other MK1 coach, plus visible retouching to the sides,
£40-50
- 590 Three kit / scratch built O gauge LNER coaches (3), consisting of Brake 3rd No 4530, Brake 3rd No 2678 and all 3rd No 34637, overall G-VG, some staining to the roofs, the destination boards on the all 3rd will require attention (3)
£40-50
- 591 A qty of O Gauge kit / scotch built rolling stock for spares / repair (17) for spares / repairs F-G, good number have broken buffers and missing wheel sets, the North Eastern Brake Van has a loose roof and marks / paint loose, visible glue and rust to the axles of the SECR Van, (17)
£50-80
- 592 A partially built GWR Brass Mogul Kit together with another Brass locomotive body (2), the mogul kit is partially built with tapered boiler, firebox, tender body and bag contain cast chimney, firebox door, safety valve bonnet, kit has not been checked to see if complete, F-G, together with another partially built brass loco kit with boiler, side tanks, cab and coal bunker F-G, no other parts with this loco, (2)
£30-40

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 593 A qty of part built and spares O Gauge BR era coaches (6), for spares or repair, F-G, one coach is missing both bogies, one is missing one bogie set, the roof is loose on the M 80531 Brake Coach, overall dusty windows loose on the E8837SE coach (6)
£50-80
- 594 A qty of part built and spare part O gauge coaches and rolling stock (8), for spares or repair F,
£40-50
- 595 LMS and similar O Gauge coaches (5), Overall F-G, wooden bodied coach has later plastic bogies, generally the sides are F-G, one loose roof
£40-50
- 596 Four O Gauge Diesels for repair / spares (4), spares or repair, overall F, four Diesels to include Southern Pacific No 2972, Atlas F-9 Chesapeake & Ohio Class Diesel No 31173 and Southern Pacific loco No 2653, all 2 rail electric. Box for Atlas is F with tape repair (4)
£40-50
- 597 A LNER Locomotive and Tender 2-6-0 No 1938 together with another LNER locomotive (2) 2 rail electric, both show signs of use, F-G, visible glue marks to the locomotive and inside the cab, frame loose and the front, wheels turn over freely, front trailing frame appears to be a replacement, wear to the LNER transfers on the tender, the other LNER locomotive and Tender No 3612 appears unfinished, missing handrail to the nearside of the cab, plus unused holes inside the cab, overall very dusty
£50-80
- 598 A British Railways Class 31 No D5500 and Deltic Diesel-Electric D9004 (2) 2 rail electric, Class 31 has a missing buffer and one pushed out window, some staining to the roof and sides, the Deltic has both motors and bogies loose from the body and missing windows, one end of the Diesel is cracked on the body, also the underframe is damaged, with bag containing parts and springs for the bogies.

£50-80
- 629 for restoration / repair possibly by RCT / kit built O gauge BR Eastern region non corridor suburban coaches comprising E82644E and E82643E (2), for restoration / repair, overall F-G, both roofs have slight marks and would benefit from a clean, a coupling has been replaced on E82644E plus one buffer is stuck, two sets of windows are loose in the frame and one missing, the two footboards are coming away on either side of the coach frame, a brass / copper hinged plate has been attached to the underside of the frame, the other coach has one wheel on the bogie that is twisted on the axle and does not turn freely, there is general staining to the windows and one window is missing from the frame
£50-80
- 630 A qty of cast O gauge wagon parts (13 boxes), cast metal O gauge wagon parts including axle boxes, leaf springs, buffers, couplings, G-VG (13 boxes)
£30-50
- 631 A qty of 3 rail electric track (22x 1 foot straights, 67 curves, 4 x 13cm length straights, 3 x 11cm straights, 5 x 6cm straights, 3 x 24cm straights, 1 x crossover, 1 x buffer stop, 4 x left hand points and 4 x right hand points) Overall surface rust and would benefit from a clean, some are missing the connections but otherwise F-G, (22x 1 foot straights, 67 curves, 4 x 13cm length straights, 3 x 11cm straights, 5 x 6cm straights, 3 x 24cm straights, 1 x crossover, 1 x buffer stop, 4 x left hand points and 4 x right hand points)
£50-80
- 632 A qty of 3 rail electric track by Hornby, Marklin and similar (45 x straights 23cm, 7 x curves 2 foot radius, 8 x 27cm straights 1 x Marklin left hand point, 1 x Marklin right hand point, 2 x Hornby left hand point and 1 x Hornby right hand point and 1 x Marklin curve) Overall with surface rust and would benefit from a clean, some connectors missing F-G, (45 x straights 23cm, 7 x curves 2 foot radius, 8 x 27cm straights 1 x Marklin left hand point, 1 x Marklin right hand point, 2 x Hornby left hand point and 1 x Hornby right hand point and 1 x Marklin curve)
£50-80
- 633 Hornby O Gauge track 2 rail (34 x 27cm lengths, 74 x curves, 24 x curves, 6 x right hand points, 4 left hand points, 2 x crossovers and 2 x turntables)) Overall with surface rust, some connectors missing, would benefit from a clean, F-G, (34 x 27cm lengths, 74 x curves, 24 x curves, 6 x right hand points, 4 left hand points, 2 x crossovers and 2 x turntables)
£50-80
- 634 A qty of O gauge and similar railway accessories and controllers, (24) consisting of Lionel 40watt control system, 2 x Lionel 153IR controllers, 2 X Atlas 6099 Switch machine, Peco fencing, Lionel figures, bag contain crates, spare Lionel tender frame and wheels, station notice boards, O gauge station canopy, all have been opened and show signs of use, F, canopy kit appears to be missing parts (24)
£30-50
- 635 A qty of Atlas and FastTrack track pieces together with a mounted crossover (24), Overall F, consisting of 9 x straights at approx. 102 cm lengths, some with sleepers missing to the ends, 1 x 93cm length, 1 x 38 length visibly cut down, 1 x 81 length with attached buffer, 2 x left hand points and 1 right hand point, all with damage to the switch mechanisms, 2 x trackside straight track at 76cm lengths, 4 x 26cm lengths, 1 x left hand point, 1 x box of lighted buffers, both missing bulbs, and twin track 3 rail crossover on board 136cm length (24)
£80-100
- 636 A qty of electrical parts for model railways and a O gauge 10ton Van kit (20), overall F-G, consisting of grain of wheat bulbs, station and street lights, twin platform ,lights, LED red bulbs, and a unbuilt Port Wynnstay Models 7mm van kit (20)
£30-40

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 637 Rail King / MTH O gauge girder bridge, together with two Atlas 6921 double track 3-rail girder bridges (3) F-G, visible damage to the ends of the MTH girder bridge, shows signs of use, box F-G, one Atlas bridge has missing girder sections to the top of the bridge, generally both show signs of use and would benefit from a clean F-G, both with original boxes G (3)
£40-60
- 638 Lionel 90 watt 1033 controller 200-240 transformer and other O gauge related accessories (18), Lionel controller shows signs of use but otherwise looks complete F-G, no plug on the transformer, box is worn F-G, unopened packets containing LGB couplings, Isolating rail joiners, Gaugemaster DCC27 Loco decode, track screws, G scale rail joiners, 2 x proto-sound battery, and a bag containing power distribution boards 4805 (18)
£40-60
- 639 Hornby and other manufactures controllers (6), consisting of Routier controller, Hornby O gauge resistance controller and circuit breaker, Smooth hour power unit 12 volt DC and Hornby-Dublo Controller in box, and Trix controller, F-G, box for Dublo controller is F-G (6)
£30-50
- 640 Hornby O Gauge 3 rail track (78) F-G, some rusting through age / use, consisting of 51 x approx. 26 cm length, 7 x 13cm length, 2 x 6 1/2 cm length, 8 x curves, 3 x left hand, 3 x right hand, 2 x Y points and 2 x Parallel points, (78)
£50-80
- 641 Hornby O Gauge track and accessories (19), some surface rust through use, overall G-VG, consisting of Signal gantry, 4 x buffers, 2 x level crossings, 1 x No 2 turntable, 1 x 3 rail turntable, 6 x double track pieces, 2 x Y points, 1 x crossover and a box of track joiners, original boxes F-G, (19)
£50-80
- 642 A qty of O Gauge and similar locomotive wheels and bogies (4 boxes), consisting of coach wheels, coach bogie sets, locomotive wheels, van roofs, electric motors, G-VG, some bogies have no wheels or axles, the wheels are a mixture of used and unused, some surface rust (4 boxes)
£80-100
- 643 A qty of O gauge spare parts and accessories (4 boxes) Consisting of O gauge wheel sets, coach bogie sets, some possibly for Exley / Bassett Lowke, locomotive wheel sets with coupling rods and wagon transfers overall VG-E, some surface rust to the wheels, otherwise appear little used (4 Boxes)
£50-80
- 644 A large qty of O Gauge wheels and accessories (3 boxes) in various states of used and unopened packets, F-G, comprising wheel sets in O Gauge and Gauge 1, coach bogie frames, body for a van, locomotive backhead, Platform name boards etc,
£30-40
- 645 A part built A4 Locomotive and Tender, box of motors and box of O gauge accessories (3 Boxes), the A4 locomotive is partially built with the loco body and tender assembled, comes with wheels and brass frames for the locomotive but has not been checked to see if the kit is complete, Clockwork motors work at time of cataloguing with Basset Lowke electric motor and wheels, one dismantled in bag, with box containing wheels, axles, bushes and chimneys (3 boxes)
£30-50
- 646 Five boxes containing O Gauge coach roofs, partly built Connoisseur locomotive kit and various O gauge accessories (5 boxes), both kits are in various states of completion and not all parts may be present, F-G, locomotive kit has the frames assembled with packs of slaters wheels in original box, GM coaches LMS full brake kit, no wheels or bogies, various wooden and ace roofs for coaches together with metal coach ends and a box containing various wagon transfers, field gates and brass couplings (5 boxes)
£30-40
- 647 A large qty of O gauge scenery and accessories (2 boxes), a large qty of O gauge scenery in both used and new condition, G-VG, including a dismantled plastic two line engine shed, uncertain if this is complete and some arts are damaged, Scenic trees, locomotive wheels (2 boxes)
£40-50

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 648 Two boxes of O Gauge locomotive and coach wheels (2 boxes) a large qty of locomotive and coach wheels, some have been painted, some surface rust to the rims, overall G-VG (2 boxes)
£30-40
- 649 A box containing O gauge figures, cast parts and other accessories, a mixture of O gauge parts to include cast lamps, street lamps, axel box springs, wheel sets, Aster screws and washers and metal figures, some plain and some painted, most appear to be in sealed packets, some rusting to the wheels
£50-80
- 650 A box containing O Gauge and G gauge 1 locomotive parts and accessories, a mixture of O gauge and gauge 1 parts to include electric motors, gauge 1 wagon transfers, gauge 1 wheel bearings and crank pin sets, most are in unopened packets -G-VG,
£50-80
- 651 2 boxes containing O gauge scenery, buildings and accessories (2), overall G-VG, kits may not be complete, consisting of an unbuilt boxed NMB Models semi detached or terrace house, 3 x Skytrex Model Railway structures, Turntable has minor damage to the outer fencing but built to a professional standard but has no base, tress look to have been fixed to a base previous, but otherwise appear in good condition, girder bridge is overall dusty but complete, minor split to the base of the tunnel and some wear to the inside edges, (2 boxes)
£30-50
- 652 A qty of O gauge locomotive parts and motors and a part built 0-6-0 Locomotive and Tender, consisting of a box of fishplates, cast bogie frames, electric motors, 3 rail electric motor, tin containing buffers, signal arms, finials and a part built 0-6-0 locomotive and tender, frames are loose from the body, tender is partially finished, overall F-G,
£30-50
- 653 A qty of O Gauge track and accessories (2 boxes), some in used condition, others still in packaging F-G, consisting of a box of LGB short lengths of track, a box containing straight plastic track, Bassett Lowke control switch, J. Perkins control SYS, wagon and rolling stock transfers, a box containing washers, plastic pipe, Aster hobby screws, Peco yard crane Kit LK-735, two bags of Bassett Lowke chairs, plus additional empty bags, 5 boxes of wooden sleepers, Prototype Models Glazing pack (2 boxes)
£30-50
- 654 A qty of home made and commercial O Gauge track and two lengths of gauge 1 rail (approx. 36 pieces), for spares or repair, overall F-G, combination of O gauge Peco and home made brass track of various lengths, shows signs of having been used and cut, some damaged sleeps and discolouration, plus a bag containing short lengths of German made, possibly Marklin track, (approx. 27 pieces)
£30-40
- 655 A qty of O Gauge motors, rolling stock and accessories , overall F condition, including a 2 x Marx clockwork motor, Hornby or similar motor, two Bassett Lowke wagons, Playmobile electric motor, 2 x metal coach roofs, bag of point levers, gauge one or similar signal, point lever frame, tin containing metal water column and signals, five point motors or similar and two resin wagon loads
£30-40
- 656 O gauge MTH No 30-9106 Gas Station and two Highland Castings resin kits and one other (4), MTH Gas Station appears complete, the car is detached from the mechanism and hair line crack to the rear of the building, shows signs of use G-VG, box is overall very dusty with wear to the ends, F ,with instructions, Highland Castings Goods loading stage appears complete with instructions and box G-VG, the other resin kit has a minor chip to one wall piece and some discolouration, in box but no instructions, G-VG, Highland Castings Warehouse appears complete with box and assembly instructions VG-E, (4)
£30-50
- 657 A qty of O Gauge buildings (8), for restoration / repair, overall F, to include two signal boxes, warehouse and additional items.
£20-40
- 658 A box containing various O gauge and similar parts, a box containing a mixture of spare parts and accessories, for spares /repair etc, overall F
£20-30

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 659 Four scratch built wooden cases for storing Locomotives / rolling stock (4), overall f-g, Four scratch built wooden cases with hinged lids and carry handles, with metal securing locks, all with six internal spaces for locos / stock, the blue painted example has visible white marks through damp (4 cases)
£30-40
- 660 Marklin 56081 track circuit switch 56031 track clips 56296 bridge support and Lehmann 96095 motor (9), All appear unused in original boxes, not all the Marklin have the instructions, G-VG, in original boxes G, Lehmann motor appears unused, G-VG, box F (9)
£30-40
- 661 A qty of O Gauge locomotive parts and accessories for spares / repair, a box containing O gauge parts for spares and repair, overall F, including 2 x two repainted locomotive bodies, both with partial valve mechanisms, Bassett Lowke LMS tender with paint loose to both sides and visible surface rust, plus replacement rear coupling, bags containing bogies sets and other rolling stock wheels, two metal lever frames, one incomplete, two gauge 1 buffers, unbuilt Hobbys's Craft Kit Long Boat, parts in sealed bag with instructions G-VG, in original Box, some damage to the lid, F
£30-40
- 662 Four wooden O Gauge platforms with three marked HUGAR and a HUGAR level crossing (5), shows signs of use and age, the crossing gates is missing a post also paint loose to the base, the HUGAR platform with green platform building has a missing seat, also pen marks on the platform and back wall, the other HUGAR platform has marks /staining to the base and missing posters to the rear, the HUGAR platform with plaque on the wall has damage to the paper and card posters, also some staining to the platform,
£40-60
- 663 A box containing a large qty of Lionel 3 rail track, overall G-VG, consisting of approx. 41 straights, 95 curves (6 pieces to a curve, 12 for a circle), some rust visible but most of the rails appear clean with a few end connectors missing
£30-50
- 664 A qty of 3 Rail Lionel and similar track Hornby turntable with transformers and empty boxes (3 boxes), overall P-F with some rust visible to the track, consisting of 18 x curves, 6 x straights at 10 inch length, 9 x straights at 6 inches long, 2 x short straights at 2 1/2 inch length, 3 x Y points, 6 x left hand points and 3 x right hand points, Hornby No 2 turntable has minor rust visible to the rails and would benefit from a clean, the box has some water damage and torn corners, two Hornby train set boxes, one containing 6 x 2 rail curves, the boxes are P with torn sides, water damage and old tape repairs, Trolley Wagon Box, Lumber Wagon box No 2, Corridor Coach Box No 2, a box marked Meccano and Hornby Service Department, M1 Locomotive Box, P-F with visible water damage, the Service Department box has a missing end, three Hornby Transformers with three pin plugs, Type T20, Type T64 and Type T20A with minor scratches and marks to the outer cases, and six Meccano transformer boxes for No T6, No T20, No T6A, T6M and No T20A, overall P-F with torn edges and water damage, and one possible inner box with instructions for T-20 and Guarantee label P-F with staining to the instructions and torn fold lines (3 boxes)
£40-60
- 665 A box containing a large qty of springs for Hornby and similar clockwork motors, overall G-VG, some minor surface rust to some springs but otherwise look clean
£30-40
- 666 For restoration /spares approx. 27 O Gauge 0-4-0 clockwork Motors, overall P-F for restoration / spares with some surface rust
£30-40
- 667 For restoration / Spares approx. 25 O Gauge 0-4-0 Clockwork Motors, overall P-F for restoration / spares with some surface rust
£30-40
- 668 For restoration / Spares approx. 20 O Gauge 3 rail electric motors and a box of 3 rail pickups overall P-F, for restoration / spares, grease noticeable to some mechanisms and surface rust, the pickups appear little used
£30-40

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 669 A large qty of Clockwork motor spare parts, overall P-F, consisting of a large qty of Clockwork motors spares including motor plates, gears, locomotive wheels, springs and other parts,
£30-40
- 670 A large qty of O Gauge clockwork and electric motors together with wheels and other spare parts (2 boxes), overall P-F, consisting of a large qty of clockwork and 3 rail electric motors, gears, motor plates, locomotive and bogie wheels, a box containing connecting rods, gears and pickups, together with a Bassett Lowke or similar LNER Tender with paint loose and missing the wheels, ideal for restoration projects and spares (2 boxes)
£50-70
- 671 A large qty of O Gauge three rail motors, spare motors, and three part complete locomotive frames with motors (2 boxes), for restoration and spares, overall F-G, consisting of motors, part built motor frames, wheel sets, 3 part complete ACE trains or similar frames with motors and two upright motor 0-4-0 power bogies, surface rust to many of the parts (2 boxes)
£50-70
- 672 A large qty of O Gauge locomotive parts for restoration / spares (2 Boxes), for restoration/ spares F-G, a large qty of locomotive driving and bogie wheels, some cast but unfinished, locomotive coupling rods, bag of springs, cut brass frames possibly for a motor, clockwork motor with rust/staining to the frames, (2 boxes)
£50-70
- 673 A large qty of O Gauge Locomotive and similar wheels (2 boxes), for spares , overall G-VG, consisting of part finished and painted Locomotive and Tender wheels, both cast and turned, some visible rust and examples with cracked rims (2 boxes)
£50-70
- 674 A large qty of O Gauge Locomotive and similar wheels (2 boxes), for spares, overall G-VG consisting of part finished and painted locomotive and tender wheels, both cast and turned, some visible rust and examples with cracked rims and spokes, together with a box of axles and further metal frames (2 boxes)
£50-70
- 675 A large qty of Bassett Lowke and similar O Gauge spare parts, overall F-G, consisting of Bassett Lowke coupling rods, buffer stop with surface rust in part of original box, missing the lid and end of box, Bassett Lowke controller with minor damage to the front left hand switch and three pin plug, with part of the original box, and a large collection of cast and finished locomotive and similar wheels, some with surface rust,
£50-70
- 676 A large qty of O Gauge bagged and loose locomotive bogie frames together with locomotive wheels, overall F-G, consisting of sealed bags and loose metal bogie frames, many appear unused together with a large qty of locomotive wheels, some are painted together with surface rust, some wheels are on axles whilst others are loose,
£50-70
- 677 A large qty of O Gauge wheels and additional parts, overall F-G for spares / restoration projects, consisting of large qty of O Gauge wheels, both plain metal and painted, some are unfinished castings, together with locomotive bogie frames, part finished Tender with rust and visible soldered joints, cut brass frames possibly for motor mounts and two clockwork motors for restoration / repairs with additional clockwork motor parts
£50-70
- 678 A large qty of O Gauge locomotive parts with electrical parts and accessories for spares / repair (2 boxes), overall F-G for spares / restoration projects consisting of clockwork and electric motor frames, gears, nuts and bolts, a boxed Bonds Electric motor, coach and wagon bogie frames, part complete body for a Hornby O gauge 0-4-0 locomotive, together with a box containing electrical parts (2 boxes)
£50-70
- 679 A large qty of O Gauge locomotive wheels for repair / spare parts, overall F-G, consisting of a large qty of cast and painted locomotive wheels, some castings are part finished with others painted, some rust visible and some broken spoked and wheel rims, for spare parts / restoration jobs,
£40-60

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 680 A qty of spare / repair O Gauge Locomotives by Hornby Bassett Lowke and Ace Trains with empty boxes (2 boxes), for spares and repair, P-F, consisting of French Hornby O gauge SNCF Overhead electric locomotive with clockwork motor, the motor works at time of cataloguing, 3 rail electric 4-4-0 Locomotive and Tender LMS No 1185 with areas of repaint / retouching, the tender is missing two sets of wheels with visible paint loose, ACE trains Great Central Railway all 3rd Brake coach with 3 rail electric with some visible scratches to the sides, Bassett Lowke 4-4-0 Locomotive and Tender Prince Charles No 62078, missing motor and drive wheels with visible rust and paint loose, front buffer is bent upwards, the tender s missing the centre wheels with overall rust and paint loose, a repainted locomotive body with brass plates for Mercury, a Hornby Nut and bolt construction coach body missing wheels and buffers with paint loose / scratches, Locomotive body and frame for the Hogwarts Express No 5972, together with three empty boxes for Darstead and ACE trains overall F-G with visible wear to the box lid of the 4-4-0 locomotive box (2 Boxes)
£50-80
- 681 *Withdrawn*
- 682 A large qty of ACE / Gorgi Bassett Lowke or similar Locomotive Pony Trucks together with a tin containing wheels and a part built Locomotives and Tenders, the pony trucks appear unused and would benefit from a clean, G-VG, together with an ACE Trains LMS 4-4-2 Tank locomotive missing the motor and main driving wheels, the body has faded with some marks / rusting to the cab roof and boiler top, P-F in original box with some staining F-G, a part finished metal Tender with 8 wheels with some discolouration and minor rusting to the inside of the Tender, F-G, and a Bassett Lowke locomotive body, No 64744 missing wheels and motor and a AJC Design Tender for British Railways in red with gold lining, P-F, the tin containing wheels for Leeds and Bassett Lowke with some paint loose and surface rust, F-G,
£30-50
- 683 A box containing a qty of hand tools with nuts and bolts washers and other accessories (2 boxes), consisting of jars of washers, nuts and bolts, hand held files, bolts, O Gauge Van roofs, wagon and van side lettering and numbers, plastic covered advertising signs, Boxed Trix Motor with some paint loose to the frame and minor dent, the box shows signs of wear to the lid and box side, and some wooden printing blocks with ink, overall F-G, (2 boxes)
£40-60
- 684 A box containing controllers, Meccano transformers and motors, consisting of Hammant & Morgan Multipack D.C Controller 12V DC, looks little used G-VG in original box with some visible wear and torn edges, F-G, Track 1 Accessories Power Unit - B54435, staining to the outer cover and wear to the front with three plug power cable and crocodile clips F-G, N&T Contronics Controller Type TC94 with three pin plug, some minor staining to the case, F-G in original box with instructions, box is torn at the edges and lid torn, P, H & M Minor Unit with three pin plug, overall dusty, F-G, E15R Meccano Electric Motor with minor paint loose to the frame and minor dent to the rear corners, torn edges to the box, F-G, an empty box for a Meccano E20R motor with hole to the lid and worn corners, P-F, a Meccano Clockwork Motor No 1, works at time of cataloguing, with minor rust visible to the mechanism, F-G, in original box P-F, Meccano Transformer Type T20 with three pin plug and rust to the outer case, F-G, and a plastic box containing a qty of Meccano gears, pulley wheels and a flywheel, F-G,
£40-60
- 685 for restoration or spares O Gauge Gorgi Bassett Lowke or similar locomotive bodies together with Lionel and Hornby track accessories and Bassett Lowke boxes (2 boxes), for restoration or repair P-F, three locomotive bodies, one for 60103 Flying Scotsman all missing the motors and wheels, spare cab for a Gauge 1 locomotive together with additional Aster spare parts and possibly a spirit tank for a locomotive, Hornby Buffer stop with one broken buffer in damaged original box, Ace Trains LNWR 8T Van, five boxes of Hornby Connecting plates and one additional bag, four boxes of Lionel Track Clips, a tin containing rubber washers, a Hornby Goods Depot with very minor scratches and two Corgi Bassett Lowke boxes for LNER Class A3 Pacific Flying Scotsman with one tender missing a set of wheels and wear to the nearside plus minor marks, and the box for BL99024 A3 Class No 60103 Flying Scotsman with a torn box end, together with two boxes containing frames for O Gauge Locomotives and a box containing O Gauge wheel sets, some with gears for driving off the motor (2 boxes)
£40-60

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 686 A qty of Lionel O Gauge 2 and 3 rail track with rolling road and 2 rail track (1 box and 2 bundles) overall F-G, consisting of three straight sections of Peco SL-700 BH Bullhead Nickle Silver Rail with some missing sleepers, Six sections of 3 rail Lionel FastTrack straights, eight straight sections of 3 rail track by Lionel with metal sleepers, four with visible rust to the rails and sleepers, a unmarked O gauge rolling road with centre power rail and 2 /3 rail power switch, and a box containing both Lionel 3 rail track and wooden based 2 rail track, some rusting to the track visible, the rolling road appears little used (1 box and 2 bundles)
£40-60
- 687 A large qty of Hornby and similar O Gauge railway accessories (2 boxes), in playworn condition but overall G-VG, consisting of railway workers, Hornby Gauge frame and signals missing the base, milk churns, lamp posts, benches, platform trollies, telephone boxes, metal farm animals, together with a boxed No 5 Hornby Series Gradient and Mile posts, No 9 Station Name Boards, a tin containing Hornby locomotive railway lamps, a bag of metal road signals, a box containing 6 railway workers, a mixture of originals and reproduction items,
£30-40
- 688 A box containing approx. 100 O gauge figures and accessories, comprising a mixture of railway workers, passengers and children together with animals and luggage, overall G-VG,
£30-40
- 689 A qty of Hornby and similar O Gauge track and rolling stock with metal mine shaft head(2 boxes) overall P-F, track very rusty, consisting of Hornby straight rail x approx. 22, 12 x small curves, 36 x curves, five right hand points, 4 x left hand points, 2 x Y points, 3 x crossovers, a bag of track connectors, 4 x Hornby rolling stock with rust visible to the body and wheels, 5 x plastic O Gauge tipping wagons, Copper craft wagon and part of a motorised O gauge locomotive missing the battery and cab roof, very minor paint chips to the mine head , (2 boxes)
£30-40
- 690 A qty of O Gauge 3 rail track by Marklin Bing and Karl Bub (3 boxes), overall F-G with some general surface rust, consisting of Bing 3 rail track with 22 x curves, 1 x left hand and 1 x right hand point and 30 straights, Marklin with 26 x straights, 15 x curves, 13 x Karl Bub straights, 2 x Marklin crossovers, 3 x Marklin right hand points, 5 x left hand points and one Marklin turntable with six turnouts (3 boxes)
£40-50
- 691 A Qty of boxed and unboxed Lima O Gauge track and one box of Peco shows signs of use with some damaged sleepers and marks / staining to the rails, F-G, consisting of approx. No 12 1/1 x 37 curves, approx. 32 straights, 3 x diamond crossings, 4 left hand points and 2 left hand points, one box of PECO O Gauge points, two Lima buffer stops, Lima level crossing with damage to the lifting mechanism and marks to the plastic and three Hornby Signals,
£50-80
- 692 A large qty of Hornby and similar O Gauge 2 rail track (6 boxes) shows signs of use with general rusting to the rails and some damaged / missing metal sleepers, overall F-G, comprising approx. 6 x crossover and 5 x diamond, one in original box with tape repairs to the box flap and torn edges, P, 56 x straights at 13 inches length, 3 x straights at 6 inch length, 165 x curves, 10 x left hand points, 15 x right hand points, a bag containing a qty of track connectors, and 4 x buffer stop (6 boxes)
£40-60
- 693 A collection of Gauge 1 and O Gauge parts, accessories and clockwork motors, the clockwork locomotive motors work at time of cataloguing, with visible rust to the Bassett Lowke Motor, F-G, Bassett Lowke Transformer with visible paint loose and scratches to the case, together with an old sticky label to the top, F-G, six bags of unopened Tenmille Gauge One chairs and a tin containing metal chairs with some surface rust, a qty of brass fishplates, six Bassett Lowke boxed vintage point motors with some visible rust and paint loose, F-G, the boxes have rust to the box staples, F-G, one with original instructions with some staining and minor tear, F-G, box containing two metal bogies with rust to the wheels and paint loose to the frames, 3 unopened packets of 3 -link Coupling, bag of metal axle boxes, Meccano clockwork motor, works at time of cataloguing, G-VG, in original box with some wear to the box edges and fading, F-G, Bassett Lowke or similar water tower, the steps are loose to the side of the tank and some staining, paint loose through use, would benefit from a clean, F-G, and 8 sections of Mamod Straight O gauge track, G-VG,
£40-60

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 694 A Bassett Lowke O Gauge single track Engine Shed, some surface dirt and would benefit from a clean, F-G, minor split to the roof, five missing signs with traces of old glue to one, windows missing, minor marks to the sides and some staining to the base, measuring approx. 47cm long x 14 1/2 cm wide and 19cm high
£50-80
- 695 A qty of HUGAR O Gauge wooden buildings and similar (2 boxes and one platform), all would benefit from a clean, G-VG, the Hugar Goods Depot has minor holes visible to the front and minor scratches to the roof and back through use / age, the unmarked Goods Depot has two missing signs to the front and minor staining to the roof, the 46cm length Hugar Platform has minor staining and two missing signs, also old glue marks to the rear, the 68cm length Hugar platform has visible blue paint to the roof supports and minor splits with staining to the platform, the roof has bowed slightly with age, the More Fun Toys Platform has a minor tear to the paper wall and a minor split to the roof on the roof, two missing signs to the rear, measuring 53 cm length, the 51 cm length Hugar platform has two missing signs and minor staining to the platform, the other unmarked platform at 36cm length has four missing signs and some wear to the paper Manchester sign, most noticeable to the right hand sign (2 boxes and one platform)
£50-80
- 696 Gauge 1 track (42 straights at approx. 34cm length) Overall the rails are rusty and would benefit from a clean
£30-50
- 697 Gauge 1 kit / scratch built Restaurant Car, overall very dusty and would benefit from a clean F-G, roof is detached from the body, one buffer beam is loose, fitted with battery operated electric lights, visible damage to the top edge of the coach body
£80-100
- 698 A qty of Gauge 1 Tenmillie, Aster and Marklin track (27 pieces), overall dusty and would benefit from a clean F-G, one section has some missing sleepers and cut rail, comprising of 10 x 3ft lengths, 2 x curves, 4 x Aster 1ft lengths, Marklin curved track No 5921 x 11,
£50-80
- 699 Gauge 1 part built and kit made rolling stock, plus a level crossing and Slaters wheel sets (28), overall G-VG, comprising two aluminium coach bodies, GWR cattle Van made of wood with weathering, Traffic Services Ltd tanker with the tank loose from the frame and visible glue marks to the sides, and two wooden level crossing gates, gauge 1 and gauge 3 wheel sets appear unused in original packaging (28)
£40-50
- 700 A part built coach kit and 30 metal and plastic roofs a part built metal coach set with some pre-assembled and unused metal parts, uncertain if the kit is complete, together with 30 metal roofs with some surface rust, F-G,
£40-60
- 701 A Gauge 1 model of a rail motor with wooden display case, 2 rail electric with power bogie, roof is loose, two buffers have broken off, some paint loose and marks to the roof panel above the motor, overall F-G,
£30-50
- 702 A qty of Gauge 1 wheels and bogies together with a Marklin Transformer No 13474B, overall P-F, Bing gauge 1 underframe with hole drilled through the logo, Bing or Marklin 4 wheel bogie with rust to frames and wheels, together with other four wheel bogies and a tin containing gauge 1 wheel sets, some with rust, the Marklin Transformer No 13474B Pr 220 Volt, Sec 20 Volt 2 Amp has been rewired with a UK three pin plug and the case of the transformer has four new screws and two new screws to the underside, untested, F-G with possibly part of the original box with no lid and torn edges P-F, together with a Marklin controller, F-G
£40-60
- 703 An unbuilt Barratt Engineering Gauge 1 GWR Bogie Siphon G Kit, Consisting of brass body sheets bags containing smaller metal parts, wooden floor sections and roof, unsure if complete but all the brass sections appear to complete, in original box with torn edges, no instructions, F-G
£50-80

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 704 South Eastern Finecast1 / 32 scale Gauge 1 Allchin Agricultural Traction Engine Kit REF TE1 and a similar possible Showman's Kit (2), both kits have been partly assembled and do not appear to be complete, overall P, the Allchin Traction Engine has several damaged parts including the rear wheels, the possible Showman's Engine kit has a partly painted boiler and tender, some of the smaller parts show signs of having been bent and will require careful straightening, no instructions present on both models
£30-40
- 705 A Barrett Engineering Gauge 1 kit of parts to construct a GWR (Great Western Railway) live Steam 4-4-0 City of Truro, Live Steam, with sealed bags containing parts to construct a gauge 1 model of City of Truro, has not been checked to see if the kit is complete, with Barrett Engineering assembly instructions, and a copper boiler stamped to the rear BES230K,
£120-150
- 706 LGB American Box Cars (3), LGB 48916 Popsicle refrigerated box car, G, box G, wheels slight rusting, one sliding door glued shut, no parts appear missing, 48917 Blue "Good Humor" refrigerated box car, metal wheels slightly rusting, 1 door glued shut, all parts appear present, G, box G, 49913 125th Anniversary LGB Boxcar, silver, 1 door glued shut, all parts appear present, G, box G
£60-80
- 707 USA Trains G Gauge R22216 Alaska blue and yellow GP38-2 No 2004 Bo-Bo Diesel Locomotive, twin motors, operating smoke stacks, Interior lights and Directional lighting, in original box, G, some handrails loose, general wear, box F-G
£140-160
- 708 Cliff Barker Gauge 3 track and sleepers (5) gauge 3 track at 3ft lengths x 3, one section is missing some sleepers, otherwise dusty, F-G together with two bags containing a qty of sleepers, appear unused, VG-E
£30-50
- 709 Scratch built / commercial parts Gauge 1 clockwork locomotive DS&DR No8 2-4-0 tank locomotive, Clockwork, mechanism works at time of cataloguing but will require attention, F-G would benefit from a clean, paint loose to the body and frame, surface rust.
£50-80
- 710 Scratch built / Commercial parts Gauge 1 clockwork Tank Locomotive DS&DR No 10 2-4-0, Clockwork, although the mechanism takes power it does not correctly drive the wheels, will require attention, F, Paint loose and visible retouching, very dusty and would benefit from a clean, visible dent behind the chimney, surface rust.
£50-80
- 711 A professionally built / commercial parts gauge 1 Bogie Well Wagon UPRR No 971, Overall dusty and would benefit from a clean G-VG, some paint loose to both sides, minor surface rust to the wheels
£80-100
- 712 A qty of O Gauge and Gauge 1 figures and accessories (2 boxes and 2 benches), overall VG-E, a qty of metal figures in both gauge 1 and O gauge, some are plain cast metal and others have been painted, together with weighing scales, hand water pump and two benches, (2 boxes and 2 benches)
£40-60
- 713 A G Gauge Locolinc KT-16 hand held controller and loco receivers (6), the KT-16 controller appears little used in original opened packaging with box and instructions, G-VG, 4 Locolinc KLR-102 locomotive receivers, 3 in sealed bags, one has been opened G-VG and one locolinc KLR-1008 locomotive receiver , opened bag with instructions, F-G
£40-50
- 714 2 boxes of 45mm Narrow Gauge Kit /Scratch built Railcar together with Passenger and similar rolling stock (2 boxes), overall G-VG, the railcar front bonnet is loose, some staining to the roof, battery powered rear wheels, yellowing to the windows and windows missing to the front, passenger coach the roofs have some staining, some visible glue marks from construction to the underside, the passenger coach with grey roof has some damage to the roof edge, the Brake / Luggage Van has two loose doors, (2 Boxes)
£80-100

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 715 2 boxes of 45 mm Narrow Gauge kit / scratch built rolling stock and metal crane (3 boxes), in various states of finished and part built, overall staining to the coach roofs, the all third Brake coach has a loose underframe and missing one set of wheels with marks to the sides, the similar all third coach has a missing internal door, missing running board and marks to the sides, some roofs are attached with blue-tack, others have been glued, one coach has a split on the roof, the battery powered small railcar has a lose body and damaged rear buffer beam, also off side step is damaged and split in the roof, the Diesel locomotive has a battery powered motor with bent handrails and the driver attached with blue tack, (3 boxes)
£80-100
- 716 A large qty of LGB 45mm Track and other accessories (3 boxes and 1 bundle of track) overall in used condition and appears to have been used outdoors with rust to rails and surface dirt F-G, consisting of No 1600 R-1175 curves x 20, No 1500 R765 Curves x 15, No 1000 straight track x 14, N1100 R600 curves x 2, a box containing No 1000 straight track x 6, No 1210-1215 R 600 left hand points x 2 , No 1200-1205 R600 Right hand points x 3, No 1605 R1175 Right hand point x 1 and 10 further straights, metal crane has surface rust and areas of repainting, the phone box has areas of paint loose, 13 x signage, one on broken base and the plastic has yellowed, (3 boxes and 1 bundle of track)
£80-100
- 717 A part 2 1/5 inch gauge 4-6-0 Locomotive frame together with a similar 3 1/2 inch gauge example sheet of Copper and boxed LGB Tender (3), overall P-F, the 4-6-0 frames are very rusted with sprung axles, the other frame has minor rust and some paint loose, together with seven partly finished cast wheels and possibly a unfinished smokebox door, the LGB Tender is overall dusty and would benefit from a clean, together with a visible mark to the nearside with minor marks to the offside, minor surface marks to the copper sheet (3)
£50-100
- 718 A qty of homemade Gauge 1 track together with LGB straight Track for restoration/ spares and three bags of wooden sleepers (2 boxes), the homemade track is on both wooden and metal sleepers and shows signs of have being used, possibly in a garden, P-F, the majority of the track looks as if it had a third rail at some point which has now been removed, solder visible to the rails and sleepers and some are unpainted, a qty of straights in different lengths, some look to have been cut down from longer lengths and curves, together with a qty of different radius curves, one of the wooden based points is damaged, the other set of points appears to be of a higher build quality with minor dust, G-VG, the LGB track again appears to have been used outside with visible staining to the sleepers and rust / discolouration to the rails, approx. 16 straights, the three bags of sleepers appear unused with holes ready drilled for the rails, F-G (2 boxes)
£50-80
- 719 A qty of Gauge one and similar parts for spares / restoration together with Meccano (4 boxes and one bundle), overall P-F, consisting of Bing Gauge one turntable, the mechanism works but will require attention, plus one loose rail with surface rust and paint loose, together with a similar smaller example with chain missing to the drive sprocket, various Gauge one tinplate tender and rolling stock frames, part of a non working Steam crane engine, smoke box door possibly for a Bing gauge one loco, together with a larger example, a qty of Meccano together with a Meccano clockwork motor, the mechanism works at time of cataloguing, boxed Hornby No 2 Signal, the Signal appears little used with minor paint loose, the box has visible old tape repairs together with torn corners and hand written name to the lid, body and frames for a Gauge One Tank locomotive No 1312, with severe rust and paint loose, body of a German made Midland Railway Brake Coach missing roof with severe rust, HR 6 Plank Coal wagon missing a set of wheels and part of the underframe, the inside of the coal wagon appears unfinished, plus missing a buffer beam, another 5 plank wagon again missing both buffer beams plus missing some detailing to the sides, would benefit from a clean, another No 2 Hornby Signal with minor paint loose through use, the box has water damage to the lid and torn corners and old tape repairs, five commercial / handmade 3 rail points, rust to the rails and the mechanisms will require attention, plus one diamond crossover with rust to the rails, all would benefit from a clean, and a tinplate gauge 1 or similar house with minor rust visible to the roof and taps and minor rust to the chimney, the interior would benefit from a clean, parts of three Marklin Gauge one points and two straights for spares / repairs and one Marklin buffer stop with rust and twisted frame, and parts to a plastic girder bridge, appears complete and generally would benefit from a clean and six sections of O gauge handmade / commercial parts curved track, not enough pieces to form a circle and would benefit from a clean with surface rust to the rails, (4 boxes and one bundle)
£30-50

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 720 Four wooden boards with Gauge one track (4 boards and bundle of rails), Overall G-VG, consisting of brass rails with commercial parts, two with twin tracks and crossover and two with single points one left handed and one right handed, the mechanisms for the points work, the boards measuring approx. 30cm wide by 123cm long by 5cm deep, the boards would benefit from a clean and the screw heads have visible corrosion through age / damp, the rails look generally clean, together with a large qty of unused brass rail and steel rail, very minor rust but overall looks clean (4 boards and bundle of rails)
£100-150
- 721 Six wooden boards with gauge one track (six Boards), Overall F-G and would benefit from a clean, minor rust to the brass rails, the wood would benefit from a clean and polish, would be ideal for displaying Gauge one Locomotives and rolling stock, measuring approx. 15cm wide x 91cm long x 3cm deep (Six boards),
£50-80
- 722 Six wooden boards mounted with gauge one track (six boards), overall F-G and would benefit from a clean, minor rust to the brass rails, the wood would benefit from a clean and polish, these would be ideal for displaying Gauge one locomotive and rolling stock, two boards have wooden sleepers, the other four have the chairs directly mounted onto the boards, measuring approx. 15cm wide x 91cm long x 5cm deep (six boards)
£50-80
- 723 Five wooden boards mounted with Gauge one track and one mounted with O Gauge track (6 boards) overall F-G and would benefit from a clean, minor rust to the rails, the wood boards show signs of damp and would benefit from a clean and polish, these would be ideal for displaying gauge one Locomotives and rolling stock, the rails mounted onto wooden sleepers on the gauge one examples, and the chairs mounted directly to the boards on the O Gauge example, measuring approx. 15cm wide x 91cm long x 5cm deep, the O Gauge example measuring 3 cm deep (six boards)
£50-80
- 724 A qty of spares / restoration [parts for Gauge One and larger, overall F-G, consisting of Foxes metal bogies, white metal bogie sides, a box of German style Gauge one wheel sets, with some surface rust and paint loose, Goods Wagon bogies, solid turned gauge one wheels with axles with surface rust, a part built Gauge one tender consisting of frames and the beginnings of the tank sides, 4 cast driving wheels, a box containing part finished castings for a Juliet locomotive including cylinders, valve covers, wheels and eccentrics, a box of cast tender and bogie wheels,
£80-100
- 725 A started 5" Inch Gauge Stirling "Single" 4-4-2 Chassis Castings & Tender Frames (qty), consisting of a started loco chassis with driving wheels loosely pressed on & non quartered with loose eccentric sheaves on axle, started tender frames & top as well as started cab shell, machined tender wheel castings (6), started eccentric straps (5), horn blocks (6), external cylinder castings, "F14" Castings (2), "F16" castings (2), casting "F3", F15 & others
£200-300
- 726 A part-built 5 inch gauge GWR 4500 Class 2-6-2 tank locomotive (6+), to the Model Engineer 'Firefly' design by Martin Evans, comprising part-finished frames, boiler substantially complete but with no history, cylinders and other cast parts, together with a full set of ME drawings, as components G-VG, some surface rust to the wheels, (qty in 6 boxes + boiler, frames and drawings)
£600-800
- 727 Mamod spares or repair SA1 Steam cars, a qty of parts for Mamod SA1 Steam cars consisting of frames, wheels, car bodies, running boards, cylinders and a boiler, some parts have been repainted, also some visible rust to others,
£30-50
- 728 Stuart Victoria part built horizontal Steam engine and vertical copper boiler (2), a part built Stuart Turner Victoria Steam plant consisting of the cast base, Flywheel, part finished cylinder block and crankshaft, surface rust to most pieces, cylinder missing one end cap, copper boiler has a hole to the top where a fitting may have been, screw on side of boiler, shows signs of use and age F-G (2)
£80-100

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 729 Part built 2 1/2 inch gauge 2-4-0 Steam locomotive, a part built 2 1/2 inch gauge Steam locomotive, F-G comprising frames, cylinder block, wheels and axles, with split eccentric reversing, surface rust, engine turns over freely
£50-80
- 730 Two Hornby Stephenson's Rockets one live Steam and one static (2), both require work or spares F-G, live Steam rocket shows signs of use, engine turns over but tight, the tender coupling is broken, overall very dirty and would benefit from a clean, the static version is missing several parts including the chimney and base, nearside lubricator and exhaust pipes,
£50-80
- 731 Mamod TE1A Traction engine together with a model of a foot operated lathe and AERO windmill (3), Traction engine shows signs of use with visible rust around the water level plug and discolouration to the paint. F, windmill has some bent framework plus surface rust to the metal, F, bent pulley to the top of the lathe and overall would benefit from a clean, F, (3)
£30-50
- 732 A partly dismantled Bowman M122 engine on Meccano frame, Mamod boiler and cast Steam / water turbine and additional tins of parts (12), the Bowman engine is rusty and has the two cylinders, cylinder covers frames, gears and drip feed lubricators, overall rusty P-V, boiler has been used, top of the whistle missing, F-G, turbine has some paint loose, but turns over, F-G, other Mecca no parts are slightly bent and rusty F-G, O and Gauge 1 chairs, Fish plates, Gauge 1 wheels, F,
£40-50
- 733 Mamod live Steam SE2A with Mamod workshop accessories (5), shows signs of use, F-G, safety valve and water level plug unscrew but the whistle is tight on the boiler, the engine turns over freely, some paint loose, the chimney is loose on top of the boiler, paint loose to the Line shaft, Hammer, Press and Grinding wheel, the base of the hammer has two visible dents, F-G (5)
£40-60
- 734 Mamod live Steam MM2 with box and Mamod accessories (4), has been used, safety valve unscrews, engine turns over freely, comes with brass burner with white painted handle, F-G, with original box with tape repair to the inside lid, F paint loose to one of the hammers and non original Meccano pulley (4)
£30-50
- 735 A scratch built vertical engine and two accessories (3), scratch built vertical Steam engine using some commercial parts, including a Mamod cylinder and flywheel, spring safety valve, gauge glass will require attention, with Mamod vaporising burner, SEL power saw F-G and German tinplate man at a saw bench with visible rust to the legs and base (3)
£30-40
- 736 Bowman Models O Gauge LNER model 300 0-4-0, Shows signs of use and age F-G, discolouration to the boiler and frames through use, safety valve spring missing, minor dent to the rear bunker, engine turns over freely, with original 5 wick spirit burner, would benefit from a clean
£50-80
- 737 Bowman Models O Gauge LMS model 300 0-4-0, Shows signs of use and age F-G, discolouration to the boiler and frames through use, safety valve spring missing, offside rear , buffer missing, engine turns over freely, with original 5 wick spirit burner, would benefit from a clean
£50-80
- 738 A part built 3 1/2 inch gauge Rainhill Locomotive and tender, drawings and working water column, Consisting of the running frames with cylinders, motion and boiler axle driven feed pump, motion turns over freely by hand, with a selection of drawings for the construction of the locomotive, photocopies from the 'Model Engineer' and L.B.S.C construction manual, part finished tender with surface rust to the frame and wheels, and part finished working water column, G-VG
£80-100
- 739 A Hornby 3 1/2 Gauge Stephenson's Rocket Locomotive and Tender live Steam, visible signs of use, the nearside piston is seized and will require attention, some fading to the plastic parts, very dusty and could do with a clean, top of the chimney is slightly damaged
£35-50

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 740 A qty of metal castings, brass and part finished tender and plastic locomotive boiler, consisting of unfished locomotive castings, cylinder blocks, part finished frames, part finished tender with seized hand water pump, plastic boiler consisting of firebox, barrel and smokebox, overall F-G
£30-40
- 741 A Mamod SR1 Steam roller and static Hornby Stephenson's Rocket (2), the Mamod Steam roller shows signs of use, F-G, visible paint loose to the top of the boiler by the safety valve, some surface rust to the scuttle and burner, the engine turns over freely, with two steering columns and extension piece, would benefit from a clean, in non-original Mamod 'Centurion' Box, the static Hornby Stephenson's rocket appears VG-E on a short length of track (2)
£40-60
- 742 A Merit SEL twin cylinder stationary Steam engine Bowman M158 Steam engine and Stuart Turner No 10 castings set and Vulcan Hydraulic Ram ephemera, SEL twin cylinder engine is F-G, paint loose to the base, engine turns over freely, safety valve, water level plug and lubricator top are tight, with twin wick spirit burner, in original box with torn corners and water damage to the lid, P, with SEL driving models Saw, Grinder and Fan with original instructions, F-G, Bowman M158 engine is missing the safety valve, engine turns over freely but would benefit from a clean, paint loose and rust to the firebox, driving a Meccano mechanism F-G, and a Mamod Power Press, Stuart Turner castings are partially started, damage to the base of the crosshead casting, surface rust to some parts, small box containing screws, piston and piston rod, together with original instructions, F-G,
£40-60
- 743 A Mamod SE2 Flat base stationary engine together with a later SE2A example in box and Quality Models No 1 for restoration / repair (3), Both in playworn Steamed condition P-F, the Mamod Flat base SE2 from 1953 with Mazak Flywheel and pressed engine frame, loose of paint to the base, frame and firebox with surface rust, engine turns over but is tight, safety valve and water level plug unscrew, whistle dented to the centre, lacks three wick spirit burners, Mamod SE2A is overall dirty and would benefit from a clean. engine turns over but is tight, shows signs of use to the boiler with some paint loose / rust to the firebox, safety valve and water level plug unscrew, missing the vapourising burner, box window torn, wear to corners P-F, the Quality models No 1 has visible paint loose and rust to the firebox, chimney is missing, safety valve unscrews and the engine turns over freely (3)
£40-60
- 744 A Wileco D16 stationary Steam engine together with four boxes of Mamod O gauge points Mamod Meccano engine with Meccano parts and a boxed Lumber Wagon (2 Boxes), the Wileco stationary Steam engine has been used, F-G, with rust visible to the firebox and staining to the boiler, one damaged bush where the whistle would be located, the engine is very tight to turn, rust and staining to the base and engine with visible paint loose, Chimney and condenser tray missing, comes with solid fuel burner and two bags containing a lever whistle and spring type whistle, the four boxed Mamod points appear unused, G-VD in original boxes with general wear to the box ends F-G, the Lumber Wagon looks G-VG with one snapped polystyrene log in original box with some wear to the box label and end flaps, the Meccano Engine has surface rust to the boiler cover, firebox and connecting rod with paint loose to the base, missing the safety valve, engine turns over by hand F-G (2 boxes)
£40-60
- 745 A Mamod TE1A Traction Engine, overall P-F, has been Steamed, surface rust to the firebox, the chimney is loose from the smokebox, safety valve and water level plug tight in boiler, spring type whistle, reversing lever, the engine does turn over but very tight and would benefit from a clean and oil, with rust to the connecting rod, missing the scuttle and burner, top exhaust pipe loose from the rear of the engine frame, white paint on top of the canopy with staining to the top and underside through use, would benefit from clean
£30-40
- 746 A Mamod MM1 stationary Steam engine and three Mamod workshop tools with one in box (5), shows signs of use with some scorching to the firebox but does appear to have been polished and cleaned G-VG, engine turns over freely, safety valve unscrews from the boiler, lacks burner, some paint loose to the hammer, minor paint chip to the body of the Power Press, G-VG, the box is torn to one side, some creases to the box sides and missing two lid flaps, P-F,
£30-40

TWO DAY: Popular Trains Auction, 6th Oct, 2026 - 7th Oct, 2026

- 747 A Mamod SL1 O Gauge 0-4-0 Steam locomotive together with rolling stock and track, a well used example of the SL1 Steam locomotive P-F, with paint loose to the boiler, visible solder where a possible replacement looking dome has been fitted under the fake dome, visible rust and staining to the cab roof, boiler, smokebox and frames through use / age, the engine turns over freely, noticeable paint loose to the underside of the boiler through use, with solid fuel burner, together with a Mamod open wagon with visible rust and the frames to a similar Mamod item of rolling stock, P-F, Fifteen pieces of Mamod curved track and six straight sections which show signs of use and would benefit from a clean, together with a brass two wick spirit burner, upgraded safety valve and two pots of Mamod lubricating oil, P-F,
£50-80
- 748 A Bowman M101 stationary Steam engine for restoration / repair together with a Bowman Grindstone and part of a table saw, for restoration, overall P, the safety valve is seized on top of the boiler as is the whistle, water level plug has been removed and the hole soldered over, engine crankshaft and secondary gear shaft seized, regulator handle seized, exhaust pipe missing, the rear boiler stay passing through the chimney is missing, with early style drip feed lubricator tap and original burner, together with a Bowman grindstone with rust visible to the base and grindstone body, tinplate funnel and smaller Bowman burner, the table saw has rust to the bed and the saw is seized,
£40-60
- 749 A Marklin Butter Churn with glass bowl designed to be driven from a toy Steam engine, overall P-F, rust to the base and frame, some discolouration and staining to the nickel plated parts, the glass bowl is dirty and would benefit from a clean, with Marklin trademark to the underside of the base
£30-50
- 750 A Bowman Model 300 O Gauge 0-4-0 Tank locomotive finished in LNER Lined Green, a well used example with paint loose through use, P-F, the rear driving wheels have been filled in, possibly to give the wheels more grip on the rails, the boiler has been polished back to plain brass, the offside tank paint is burnt and very worn, both tanks loose near the firebox, new metal washers visible to the underside suggesting it has been dismantled at some point, the engine turns over freely and safety valve and water level plug unscrew, with original five wick spirit burner, the front nearside buffer is slightly bent and the offside rear buffer is damaged, visible solder repair to the wick tube by the burner tank
£60-80
